Vlad Dracula's army has just successfully defended, Bran- castle against a consortium of his greatest enemies. Burning bodies are piled everywhere. The landscape is dotted with heads on pikes.

As the dawn light approaches, Vlad is just ending his victory speech to his adoring hordes. The scene looks like a perverted celebration from hell.

"Vlad, Vlad, Vlad"

Vlad salutes his adoring soldiers, as rose peddles and flaming embers drift in the air.

Voiden-gate Prison : Circa. 2020

Vlad is somehow here now in the modern era. The cheering he heard is from a raucous group of prisoners. As his eyes readjust, he sees that he is surrounded by foreign men wearing strange bright clothing.

Panel 2

Across from him is a large man pacing back and forth holding a bladed weapon.

Panel 3

Vlad suddenly realizes that he is in a fight. The questions surrounding that fact will have to wait.

Vlad

“Dusman” (Romanian for : Enemy)

One of those inmates is clearly bigger than the others. He is the only one who is unaffected by the spectacle. (It's Ren)

Vlad once again wakes up on the top bunk looking up at the ceiling.

“Hang in there bro”

Ren

I think we might have gotten off on the wrong foot...That’s probably my fault. Let’s start over... I’m Ren. Everyone calls me BIG-Ren. What do they call you ?

Panel 2

Vlad says nothing, Ren continues to talk.

Ren

Not much to say ? That’s probably on account of the beating I threw you earlier! You woke up out of your mind, so I had to put you back to sleep. Now, I’m willing to let bygones be...

Panel 3

Vlad hops down facing Ren’s bunk, but this time Ren is sitting up at the ready. He’s got magazines tapped to his forearms.

Ren

Greetings @\$%&!

Panel 4

Panel 6
